

SCHOOL
THE WORLD

Prepare for your service trip by fundraising and dedicating yourself to learning about the new culture and global issues.

Funds raised go directly to the materials and supplies needed for building and supporting a primary school.

You and your friends will travel and immerse yourselves in a rural community, participate in the actual build, and celebrate your new friendships with a dedication ceremony."

Student Service Learning

Do you have a passion for service, global responsibility, and a desire to drive change?
